U.S. ARRESTS RAIL STRIKE LEADERS

TO CONTEST VALIDITY OF MARRIAGES

Out-of-State Weddings Challenged in State Supreme Court

MAY AFFECT THOUSANDS

Claim Eugenic Law is Side-stepped; See Decision May 4

The validity of the marriages of Wisconsin residents outside of the state when the parties intend to make their home in Wisconsin, has been challenged in the Wisconsin supreme court. A decision is expected on May 4.

Because the case involves hundreds of soldiers, who married outside of the state before leaving for France, and thousands of couples in Madison, Stoughton, Racine, Milwaukee, La Crosse, Marinette and other cities, a number of briefs have been filed by attorneys acting as friends of the court. Attorney General John J. Blaine and Deputy Attorney General M. B. Olbrich contend that such marriages are legal.

The Wisconsin marriage laws require that the man applying for a marriage license undergo a satisfactory physical examination to prevent the spread of venereal diseases. "If the whole purpose of this policy can be set aside by residents of Wisconsin merely stepping across the line into another state, then the enactment of the Wisconsin statutes constitutes little more than a farce," says Judge A. H. Reid of the circuit court, in holding such marriages invalid.

"It is urged that holding such marriages invalid would have grave consequences to them and to their innocent progeny. Those who in their marriages have made a mistake merely may remedy the mistake by a new and legal marriage. Others ought not to be assisted in their wilful violation of the law. If this court is not right in its construction of the statutes then no inhabitant inflicted with venereal disease is prohibited from marriage."

The attorney general's department contends that unless invalid for other reasons, the marriage in another state and the omission of the physical examination would not invalidate the ceremony. "To every woman, the failure or refusal of her prospective husband to submit to the examination provided for must serve as a red flag warning her to refrain from marriage with him," says the brief of the attorney general. "If notwithstanding such warning, she persists in the formation of an alliance therefrom, she is stampeded by the public opinion of this state with not of illegality, the preservation of some just measure to suffer the consequences of her folly. The considerations as to personal responsibility already made may have been deemed sufficient to deny such remedy to the wife who has persisted in the consummation of her folly."

Wilson Feels Fine After Cabinet Meet

WASHINGTON—President Wilson suffered no ill-effects from his long session with the cabinet yesterday, it was said today at the White House. White House officials thought the president's condition might permit him to greatly enlarge his list of callers in the near future and that among others he might soon receive a half dozen or more foreign diplomats who have been waiting formal presentation of their credentials.

Klecza Has Bill For Use of Liquor

WASHINGTON—A bill authorizing the treasury department to release to bona fide owners for their personal use, liquor purchased before the advent of national prohibition and stored in bonded warehouses was introduced today by Rep. Klecza, Rep. Wis. He also offered another bill to permit the manufacture and sale of four percent beer.

Russian Forces Opposed in Crimea

LONDON—The bolsheviks are meeting with strong opposition in their attempt to straddle the Crimean peninsula, it is indicated in an official statement of the soviet operations received from Moscow today.

BOY KILLS GIRL THEN PRAYS AT CHURCH REVIVAL

Akron Youth Finds Relief From Crime at Public Altar

STEBENVILLE, O.—Harry Miller, 26, of Akron, was held in the Jefferson county jail here today after having publicly confessed to the murder of 11-year-old Frances South, during a revival service last night at a little church at Beach Bottom, W. Va., near here. Miller went to the altar with his hands raised he prayed God to have mercy on his soul for the death of the little girl. He said he found relief in praying.

Members of the congregation took Miller to Sheriff Litten of Brooks county. Litten said that during the night Miller made a full confession to him, saying he had beaten the South girl over the head with a revolver at a lonely spot near the girl's home at Acena, O. He told the sheriff he did it because of something she had said while he was keeping company with her sister.

FREIGHT HERE HANDICAPPED

Some Cars Are Moving But Transfer Lots Are Held Up

"There was no indication of improvement in the freight situation today," said F. J. Zoelle, Madison agent of the Northwestern railroad, Thursday. "Anything that has to be transferred in Chicago is held up, but freight from Chicago and Milwaukee that doesn't have to be handled through the transfer is coming through all right. There is no threat of a walkout by switchmen here."

"Fruit and vegetables have been coming through from Chicago the last two days," said George E. Elin, wholesale fruit dealer. "Florida and California products in carload lots have stayed before they reached the Chicago transfer in many cases. Southern vegetables are especially hard to get."

Some Chicago commission houses are hauling supplies to suburbs this side of the area where traffic is tied up, and reloading in trains made up for points west of Chicago.

JOHN REED POPS UP AGAIN; HE'S ALIVE AND WELL

Report of Execution is Just a Little Overdrawn

WASHINGTON—John Reed, an American magazine writer, reported recently to have been executed in Finland, is alive and well, according to an official report received at the state department today from the Finnish government. Reed is under indictment at Chicago charged with conspiracy to advocate the overthrow of the government by force.

When reports reached Chicago that Reed had been executed the state department instructed the American charge in Finland to investigate.

Martial Law in Mexican Revolution

AGUA PRIETA, Sonora—Martial law was proclaimed in Agua Prieta today in preparation for a possible attack by Carranza forces should the Mexican President's troops break through the barrier of soldiers the new Republic has stationed between here and the Chihuahua-Sonora boundary.

Racine Firemen Get \$25 Raise

RACINE—Members of the fire departments below the rank of chief were given an increase of \$25 per month. The increases are to take effect June 1.

POLICE RAID "BLIND PIG" IN MADISON

William Ellickson is Arrested on Liquor Sale Charge

ENTERS GUILTY PLEA

Paul Corona, Believed Implicated, is Also Detained

William Ellickson, who runs the Northwestern hotel on E. Main st., was arrested shortly before 11 o'clock this morning, as a result of a raid made on the hotel by Police Chief Thomas Shaughnessy and Detective Harter.

It was charged that Ellickson was conducting a "blind pig" the liquor being kept in the cellar of the building which is owned by the Hausmann Brewing company. Something less than a gallon was found in two glass gallon jars, officers said.

"It's awful stuff," said Chief Shaughnessy. "I think it must be made of hard cider and ether."

Ellickson pleaded guilty before Judge Hoppmann and was released on \$250 cash bail. Ellickson declared that he obtained the liquor from Paul Corona, Italian, who has been up in the courts in this city several times on the charge of selling liquor. He was fined \$100 and costs recently in superior court, and a larger sum a few weeks later in the district federal court.

As the result of Ellickson's statement Corona was arrested this afternoon by Chief Shaughnessy. Both men, late this afternoon were fined \$100 and costs each. This was Corona's first prosecution under the new law, attorneys said.

BUILDING HERE STILL HALTED

Carpenters Only Work on Small Jobs; Still On Strike

Madison carpenters are more determined than ever in their strike for a wage scale of \$1 an hour, according to union officials. Building operations have been practically at a standstill since the strike call was issued April 5, except for the small jobs that have been continued independently by union carpenters, with the authorization of the strike committee. A large number of the striking carpenters are working in the city, and others have gone to nearby cities to work. No word has been received from the employers since the conference at which the offer of 87½ cents was refused by the strike committee.

"With the scarcity of houses already acute, what will we do if the carpenters leave town this summer to find work where they receive higher pay?" was the query of a man who has contracted for construction of a residence.

L. C. GUNDERSON CLEARED BY COURT

That the procedure of L. C. Gunderson, Madison attorney, has been entirely proper, as were the positions taken by William Farnesberger and Clyde C. Woody, members of the committee, was the decision of Judge Fritz of Milwaukee, who has been sitting on the case which William P. Wallen, brought against Clarence F. Green, his wife and others.

The case has caused considerable interest because of the fact that nine law firms have been contesting the interests of the various persons involved. The interests of the other parties will be considered by Judge Fritz, who has the case under advisement.

Letts Have Terms For Russian Peace

KOVNO, Lithuania—The Lettish legislature here announced today the peace conditions on which Lettish is willing to declare peace with soviet Russia. The terms comprise a number of strategic guarantees, a war indemnity of a couple of billion rubles in gold and the return of all railway material and bank securities which were carried off by the bolsheviks or, if this is impossible, compensation to the amount of one million rubles.

BOY BOUND TO STAKE IS LEFT TO BURN ALIVE

Youngster Rescued by Prompt Action of Little Girl

LANCASTER, Ohio—Police today were searching for five older boys who last evening attacked Charles Kneller, aged 10, a newsboy while he was carrying his route, bound him to a stake, piled kindling and papers about him and after starting a fire, left him to his fate.

A small girl reported the incident to Mrs. A. F. Mowery, living nearby, and she rescued the Kneller boy who was badly burned. Judge Action of the juvenile court is investigating.

LAST COUNCIL SESSION BRIEF

Little Formality to Mark Inauguration of New Administration

A short session is in prospect for Tuesday morning, when the old city administration will wind up its affairs in preparation for the inauguration of the new mayor and council at noon.

One of the matters to be taken up will be the plans for the conduit to heat the vocational and high school buildings to be submitted by Leon A. Smith, superintendent of water works. He will recommend that the city advertise for bids to be opened May 12 to permit contractors to begin work later in May.

Indications are that there will be little formality in connection with the change of city administration. Mayor George C. Sayle will give up his chair in favor of Mayor-elect Milo Kittleson when the council adjourns sine die at 11:59 o'clock. The new mayor will have a brief message to the council, then the council committee appointments by the mayor will be announced.

IRISH STRIKE CALLED OFF

Release of Prisoners in Mount Joy Leads to End of Move

(By the Associated Press) DUBLIN—Sixty-four hunger striking prisoners have been released, apparently unconditionally, and as a result the strike is considered off.

Their release is regarded as a complete triumph for the hunger strike and its ally, the general strike.

Arrest Sheriff On Smuggling Charge

MINNEAPOLIS—William Fust, chief deputy sheriff of Hennepin county, and Deputy Charles Monahan were arrested here today in connection with a whiskey smuggling conspiracy case. Twelve men are now under arrest in connection with the case, among whom is Oscar Martinson, sheriff of Hennepin county.

A partition action brought by Charles and Elsie Usher against Frederick M. Usher and others was filed in circuit court Thursday.

BLOCK MOVE TO IMPEACH SECTY. POST

Plea to Oust Assistant Secretary of Labor Strikes Snag

RESOLUTION WITHHELD

Rep. Hoch Attacks Stand on Deportation of Radicals

(By the Associated Press) WASHINGTON—Plans for introducing a resolution in the House today looking to the impeachment of Assistant Secretary Post of the labor department for his attitude toward deportation of radicals, went suddenly awry when the House met today and the resolution prepared by Rep. Hoch, Rep. Kas., was withheld at the request of Republican Floor Leader Mondell.

Speaker Gillette had arranged to recognize Representative Hoch for the introduction of the resolution and called on him twice for the purpose. Hoch, however, withheld his resolution, and Mr. Mondell announced that the republican leaders wanted to study it further.

Hoch said he would introduce it later. A fight on Post has been smoldering in congress for some time. Members have criticized his cancellations of deportation warrants which have been issued after the department of justice has recommended the deportation of radicals and field agents of the department of labor have made similar recommendations.

WIFE ACCUSED OF INFIDELITY

William Thompson Files Answer to Complaint of Partner

William C. Thompson, defendant in the divorce action which his wife, Nellie Thompson is bringing against him, filed an answer to the amended complaint in circuit court Thursday. The couple were married Sept. 13, 1904, at Rockford, Ill.

Thompson alleges that his wife deserted him and their children, whom he now has in his care. He accuses her of improper relations with another man, who was at that time rooming at their home. He further asserts that both his wife and the man left his home; he does not know where his wife now is, but declares that he is willing to take her back and give her a comfortable home at any time that she is willing to come back to him and give up the other man.

Thompson is employed at the Gisholt Machine Shops, according to his answer, and earns about \$180 a month. He owns his home at 1124 Elizabeth St.

FAMILY FIGHTS OVER A DEED

Brothers Contest Right of Mrs. Coleman to Certain Land in Windsor

A family quarrel over a certain deed was aired in circuit court this morning, when the case of Walter R. Wood and others, against Mrs. Anna Coleman, wife of Thomas G. Coleman, 425 N. Francis st., was heard before Judge Stevens. A large number of interested persons sat in the court room. Frank L. Gilbert, Emerson, Ela and Roman Heilmann are attorneys for the plaintiffs, while Frank A. Shuttleworth is appearing for the defendants. J. G. Moore and James R. Coleman were examined adversely, as were J. F. Lowell and Mrs. Anna Coleman. According to Mr. Shuttleworth, the right to the deed, which was made out to Mr. and Mrs. Coleman, is being contested by Mrs. Coleman's three brothers and one sister, Walter R. Wood, William Wood, Orvin Wood and Mrs. Elsie Johnson. The land in question is in the town of Windsor.

FOREIGN INFLUENCES SETTING PRICES FOR AMERICAN FARMER—McCARTHY

Tells of Curious Relations Between English Figures and Those on the Chicago Stock Market; Farmers Are Losing by Market Rigging

By CHESTER C. PLATT
D. R. CHARLES Mc CARTHY of the legislative reference library whose interview in The Capital Times on British control of American prices of milk products, attracted much attention from Wisconsin farmers, was asked by The Capital Times if the rate of foreign exchange did not account for price dips in fats and milk products.

"On March 23 I showed some of the reasons for the dips in prices of Wisconsin products, and I predicted that, as time went on, these dips would continue; that it was not merely a question of the rate of exchange, the reason given by some of the purchasers of Wisconsin products, that caused the prices to fall from time to time. I showed that there had been established in England a butter and cheese and fat control, that purchased all the products that went into Great Britain. I showed how this body could alter the products to put up in American markets, and then when the price broke, buy the products. The remark was particularly pertinent to evaporated milk. The British are now trying to regain the business of supplying evaporated milk to the world that they had before the war. There will be a desperate attempt to build up the Anglo-Swiss Company and get control of this and other Wisconsin products."

"Just how is this done?" Dr. McCarthy was asked.
"British Food Controller. There has come to my desk today a pamphlet containing a chronological sketch of the U. S. Food Administration, which has just been printed. On page 10 is Mr. Hooley's resignation as food administrator. In resigning, he warned the president of what might occur. He says: "In the matter of pork products and fats generally, the margins over the world's needs are very narrow, but as the surplus production of the United States comes with a rush during a short period, combinations of European buying, unless they are controlled, may result in depreciation of price below cost of production, and unless some control is exerted, either through provision by congress for accumulation of surplus for subsequent distribution or through the control of European credits, by which righteous prices may be insisted upon as a condition of such credits, there is great danger, first, to the producer, in the heavy marketing season, and second, to the consumer through subsequent price rises."

R. C. SULLIVAN DIES SUDDENLY

Democratic Leader of Cook County Victim of Pneumonia

CHICAGO—Roger C. Sullivan, aged 59, democratic leader of Cook county and prominent in state and national politics for 30 years, died at his home in Chicago yesterday of bronchial pneumonia.

Mr. Sullivan had planned to enter the democratic national convention at San Francisco as the leader of the Illinois delegation with the avowed intention of making it his last appearance as a political leader. Mr. Sullivan, led the movement that resulted in making Woodrow Wilson president.

He headed the democratic delegation from Illinois to the Baltimore convention in 1912—a delegation pledged to Champ Clark—and, after sufficient ballots had been cast to discharge the obligation, switched the vote of the state to Wilson.

In 1914 he was a candidate for United States senator, but was defeated.

In 1900 he helped nominate Bryan at Kansas City. Four years later Sullivan was elected to the democratic national committee, thereby laying the foundation for one of the bitterest political fights in Illinois democratic history.

Bryan opened the battle in 1908 when he served notice on the democratic state convention—that he would not accept the support of the Illinois delegation unless the convention demanded Sullivan's retirement.

Sullivan defeated the resolution and then introduced a resolution endorsing Bryan, which was passed.

Sullivan made his fortune, said to exceed \$1,000,000, in Chicago gas companies and in the cracker business.

U. S. Has Plenty Iodine and Carbon

ST. LOUIS, Mo.—America will soon be independent of foreign countries for iodine and bleaching carbon and in a great measure for potash, all of which are being produced from kelp, according to Dr. J. W. Turrittine, of the United States department of agriculture, who addressed the meeting of the American Chemical Society here today.

BACKBONE OF WALKOUT IS HELD BROKEN

Brotherhoods See Relief From Crisis; Claim Men Returning

STRIKERS DENY CHARGE

No Radical Move Behind Them, Say Leaders to Palmer

CHICAGO—The last bulwark of the railroad strike in the Chicago district was broken today, railroad and brotherhood officials declared, when federal agents began serving 30 warrants charging strike leaders with violating the Lever act. At noon today deputy United States marshals operating in taxis, had raided a half dozen strike meetings and arrested 17 men, including John Grunau, president of the Chicago Yardmen's association which called the first strike in the Chicago district. Grunau has denied that he advised the men to strike.

Reports at the federal building say 200 additional strikers are to be arrested as fast as warrants can be prepared.

Federal agents raided a strike meeting at headquarters of the yardmen's association and arrested Grunau, who was speaking. He was taken to the federal building, together with William E. Reading, J. C. Logan and Shannon Jones, who are said to be members of the association.

Federal agents who culled the crowd at Conway hall, where Grunau was arrested, and took William L. Bond, R. D. Murphy and H. W. Radke to the federal building. As the men left the hall there were cries of "traitor" from the strikers. They accused newspapermen of pointing out the leaders to the federal men.

The prisoners were arraigned before Commissioner Mason, shortly after noon, and held under \$10,000 bonds for further hearing. They were charged with conspiracy to violate the provisions of the Lever act.

Arrest Is Protested.
Eimer B. Bidwell, who was referred to yesterday by Attorney General Palmer, as Grunau's successor, and Fred A. Feltner, were arrested this afternoon. They too were held in \$10,000 bonds.

R. S. Murphy, publicity representative of the yardmen's association, declared: "I have violated no law. I claim the right of an American citizen when I please. I never asked anyone else to go out and personally I will never go back to my old job at \$5 a day."

"I, and all the men, feel that our arrests was a bad move on the part of the government and that our rights as citizens have been trampled on. There has been no disorder at any of our meetings or in the conduct of the strike."

CHICAGO—Reports from rail centers in the central west and on the Pacific coast today bore out assertions of Brotherhood and railroad officials that the insurgent railroad strike was dying out in these sections of the country, and that traffic conditions were improved materially.

Strikers were reported to be returning to work in a number of cities, and in Chicago where the unauthorized strike had its origin, brotherhood officials said the backbone of the strike was broken.

Switchmen employed in the Chicago terminal of the Rock Island system, firemen and engineers on the Pennsylvania railroad and groups of strikers on the Soo line and other roads voted to end the walkout in Chicago and were returning to their jobs today. Freight conditions, the railroads announced, were being restored rapidly to nearly normal and embargoes were lifted by several roads.

The insurgent leaders, however, continued their claims that the position of the strikers remained unshaken and denied charges of Attorney General Palmer that radical influences were behind the strike.

In Michigan the industrial tie-up as a result of the strike continued serious with estimates that 150,000 were idle. Additional passenger trains were annulled by the Pere Marquette because of the coal shortage and fears were expressed that Lake navigation might be suspended in several days unless the situation was relieved.

\$267 STOLEN FROM CAFE

Thief Robs C. & N. W. Restaurant; No Arrests Have Yet Been Made

The sum of \$267.90 was stolen last night from the restaurant of the Chicago & Northwestern station according to information received by the police this morning. The money, it is said, was lying in an envelope, placed underneath a counter.

The identity of the thief is not known, and no arrests have been made.

Lowden's Plurality Stands at 75,897

CHICAGO—With only 207 precincts out of 5,690 in the state missing, Governor Lowden's plurality over General Wood in Tuesday's preferential primary today reached 75,897. The figures from 5,483 precincts including 2,448 in Cook county, are: Lowden, 235,748; Wood, 159,851.

GETS BUILDING PERMIT.
Edward Schaeuble received a permit Wednesday to construct a garage on lot 14, block 4, Orchard st.

WEATHER

The highest temperature during the last 24 hours was 53 at 3 p. m. and the lowest was 39 at 7 a. m. The sun will set at 8:40 p. m. An area of low barometer on the plains and Pacific northwest was accompanied by warmer weather in the southern and eastern states and by rain in the central states and Pacific northwest.

Are You So Good Looking

that you can walk in and carry away the first hat you try on? Or like most of us do you like to ponder and puzzle to see which style makes you look most heroic?

Every now and again we strike a man with snap judgment but most of our hats are bought by men who take their time.

In choosing your new Spring hat here you can go about it as slowly and carefully as you like and the salesman on duty will not wear a bored expression.

The men in our hat section are as anxious to please you as you are to be pleased.

There's no grand rush at "The Crescent."

Facts on Asphalt Shingles

About eight or ten years ago when Asphalt Shingles first came on the market in Madison there was a question in everybody's mind as to their lasting quality.

Now that this point has been solved you see Asphalt Shingles going on nearly every house that is being built in the City of Madison and every other city in fact, and the same is true to roofing houses.

We are in a position to furnish you with shingles, roofing, tar and gravel and asphalt built up roofs at any time. Get our prices before buying elsewhere. Get our bond guarantee on that gravel or asphalt roof.

GENERAL PAPER & SUPPLY CO.
714-716 Williamson Street
Phone B. 4118-4119-F. 206

LA FOLLETTE LEAD GAINS

Delegates Carry 42 Out of 48 Counties; Only Six for Philipp

Official returns from forty-eight counties outside of Milwaukee show that forty two of the counties were carried by the La Follette delegates, and six of the counties by Gov. Philipp and the uninstructed delegates. The six counties carried by the uninstructed delegates are: Bayfield, Florence, Kenosha, Rock, Walworth and Washburn.

In these forty eight counties the vote was as follows:

La Follette delegates: Thompson 57,424; Blaine 54,222; Krumrey 51,505 and Gross 51,214.

Uninstructed delegates: Philipp 53,690; West 29,085; Hutton 52,110 and Bosshard 29,869.

Independent delegates: Strange (Wood) 11,498 and Schultz (La Follette) 23,732.

These returns do not show the results from Milwaukee, which polled a large vote and was carried by the La Follette delegates by from 8,000 to 10,000. It does not contain the report from Dane which also gave a large vote for the uninstructed delegates.

Tabulation of the official returns on the constitutional amendments has preceded far enough so that it is certain that both amendments have been defeated. The salary amendment will probably be defeated by about 3,000 and the judiciary amendment by over 12,000.

Complete official returns will not be received before the last of the week from the remaining counties and the canvass of the official returns will not be had until probably next Tuesday or Wednesday.

Result in City

Including the 347 votes cast for Schulz for delegate-at-large from Wisconsin to the national republican convention, the La Follette slate had a majority of 4,763 over the uninstructed delegation, in the city at the spring election.

The total vote for the regular La Follette candidates was 17,750. Uninstructed candidates polled 6,844. Distributing the 542 votes cast for Strange equally between the two slates, the majority for the La Follette slate was 4,753.

Sees An Alarming Shortage of Paper

NEW YORK—Prodigious methods in American forests and paper mills have brought us face to face with an alarming paper shortage which can be remedied only by adoption of a comprehensive policy of forest protection, Geo. W. Sisson Jr., president of the American Paper and Pulp Association, declared here today. Mr. Sisson charged that governmental control was one of the prime causes of "the general lowering of efficiency in man-power."

Is England Going Back On the Jews?

LONDON—Reports from Washington stating the British government is seeking to abrogate official promises to establish in Palestine a home for the Jewish people, have been published in this city. The Times says that the harm which would be done by such a complete reversal of policy would be immense. Such a step on the part of Great Britain would produce in the U. S. "anti-British agitation of the same kind and as deplorable and mischievous as that relative to Ireland."

Salvador Sticks to League of Nations

SAN SALVADOR—The republic of Salvador will adhere without reservation to the league of nations, it was announced here. Reports that the national congress of Salvador had decreed a latin-American court of arbitration with the United States excluded were declared to be false.

To Recount Votes in Fifth Ward Contest

The city canvassing board will meet at the court house Thursday afternoon at 3 o'clock to recount the votes cast for alderman in the fifth ward, where Henry Caesar won over A. W. McConnell by a majority of 13 votes. The recount was requested by Mr. McConnell. Holdover aldermen comprise the canvassing board.

Erie to Ontario Canal Disapproved

WASHINGTON—Construction by the government at this time of a ship canal to connect Lakes Erie and Ontario is disapproved in a report sent to congress today by the engineer corps. The report said the canal would not justify the expense until an outlet for deep sea ships through the St. Lawrence had been provided.

Armenian Veterans Ask Recognition

WASHINGTON—Five hundred Armenian veterans of the European war who fought with the United States forces marched to the state department today and presented to Secretary of State Colby who acted for President Wilson a memorial asking that the United States grant recognition to the Republic of Armenia, as has been done by Great Britain, France, Italy and Japan.

Miles, confirmation of public sale of realty in Wood county; Andrew O'Grady, guardianship determined; Catherine M. Essex, confirmation of judgment and discharge of administration of Amelia Lemberg, appointing John Batz guardian, vice W. E. McCoy, resigned.

CENSUS REVIEW SHOWS DECLINE

Falling Off Blamed On Small Immigration and Influenza.

WASHINGTON—A review of the population figures of 449 cities and towns was made public today by the census bureau. Comparative figures for 428 of these places in the last two decades show a 6.5 percent decline in the percentage of increase from 1910 to 1920 as compared with the 28.4 percent gain during the preceding decade.

The remaining 21 places represent cities or towns organized and incorporated since 1910.

Including yesterday's announcement the review showed an aggregate population of 10,058,815, an increase of 1,780,370 over 1910 or 21.9 percent.

Falling off in the percentage of increase was held largely due to the "check to immigration which resulted from the war." Immigration for the last ten years showing a decrease of 2,364,900 compared with the preceding decade.

The recent influenza epidemic also probably had some effect in retarding the natural increase of population.

CANAL WORKER FALLS HEIR TO SEVEN MILLION

HAGERSTOWN, Md. — Gabriell Shipley, C. and O. canal lock tender received word from a California probate court he was heir to \$7,000,000 from a \$22,000,000 estate left by a cousin who went west in 1849.

Stutz Stock Sells

Big On N. Y. Curb

NEW YORK—Stock of the Stutz Motor Car company taken off the New York stock exchange at the request of the company's chairman, Allan A. Ryan, went on sale on the curb today and brought higher prices than ever. The first sales were at 700 and 710 and as high as 720 was asked.

Ryan, whose resignation from the exchange, tendered with accusations that members of the board of governors were short in Stutz when trading was stopped in it, has not been accepted, today announced himself in favor of incorporation of the Exchange.

Seek Fast Service To Baltic Ports

DANZIG — Arrangements with American shipping interests for a fast Polish-American passenger and freight service between United States ports and the Baltic have been completed by Polish naval authorities. Twenty thousand American citizens who have been fighting in the Polish army are awaiting accommodations to return home.

Factory Workers Get Wage Advance

NEW YORK—Representatives of eleven of the largest manufacturing companies in the United States and Canada at a conference with union officials here today agreed to grant their employees a general wage advance of 20 percent in renewing working agreements for the next year.

Chlorine Used to Prevent the Flu

ST. LOUIS, Mo.—Chlorine gas may come into use as an influenza preventive, in the opinion of members of the American Chemical Society in session here.

At a conference today, members stated that initial tests with chlorine during the recent influenza epidemic showed strongly to bear out their theory as to its value.

MCCARTHY HAS EXPLANATION

Says Prices Are Set by Foreign Influences, Farmers Lose

(Continued)

sequent rises in price under uncontrolled speculation.

"In the Saturday Evening Post of April 10 is an article by Mr. Hoover. On page 49 can be found the following:

"Our agricultural interests also need a foreign policy. For instance, during the last month there has been a consolidation of control of buying in world markets by the European governments. How far it may be extended in its policies is not clear. Nevertheless, a combination of importers in all Europe under government control could make the prices on every farm in the United States."

What Is The Remedy?
Dr. McCarthy was asked, what can be done to remedy the evil? He answered:

"We have had remarkable demonstrations of the evil and nothing has been done to remedy the situation. Either by demanding, as Mr. Hoover suggests, that the credits given to the British be curtailed or that the British be compelled to pay interest on the debts which they owe if such a procedure is to continue."

This was the doctor's explanation: "An examination of the prices fixed by the food controller in Great Britain during the war will show that these fixed prices were often followed in America by curious manifestations in the market. Sometimes the Chicago livestock market fell off in a rapid manner in a few days, taking, of course, millions of dollars out of the pockets of the producers. It was an easy thing to do the vast purchases that were being made to send out a 'bear' story that the war was on the other side were full of butter or cheese or other products. By the means of this 'bear' story and by the means of a temporary cessation of purchasing, the markets would be broken. Any man who studies the food controller's figures in England and watches the Chicago market at the other end, will be convinced of what I say."

"There is a feeling now among the farmers that the whole thing will soon be again on a right basis because of the remarkable rise in the rate of British exchange in New York. But this has not been explained by any economic reasons. It is probably a temporary bolstering up of the exchange by the Schuster interests in England and the Morgan interest in America, a sort of a wash-sales arrangement in America, and the rate of exchange has very little to do with the matter anyway."

"Has this rigging of the market been mentioned by others besides yourself?" was the next question.

Here is the doctor's answer: Hoover Shares P. McCarthy's View.
"The farmers' organizations might well staff an investigation along this line with the idea of finding out how much the farmers of this country are being taxed secretly by this foreign control and by speculation which has followed it."

"The consumers, too, in the words of Mr. Hoover, should be interested in finding out some of these facts. The fact that people have not understood what is going on and have calmly submitted to extra taxation to the tune of many millions of dollars by such means, shows that congress was not entirely wrong in turning down the League for Peace. Washington is far away from Wisconsin, and Geneva and London are further still. International bankers on the other side or small groups of diplomats, who control publicity, can and are in a position still to juggle with American products to the detriment of American producers. Under a League for Peace there would be a still greater temptation to continue this juggling and it would be practically impossible for the average American citizen to find out how it was done."

I urge every citizen to read over the statement made by Mr. Hoover, to watch the markets, and to make his own conclusions. A survey of English trade papers at this time would be an additional enlightenment.

Millions of Dollars Lost by Farmers
"If any opinion millions of dollars were lost during the war and will be lost during peace unless some action is taken by our congressmen in the near future. The State of Wisconsin no doubt will lose millions of dollars and I feel sure that not one of our representatives in Washington has given this matter any great consideration. If there was one such wide-awake man watching our interest, there would have been a resolution introduced long ago calling for an investigation."

"If the American people have got to be taxed to support certain policies in Europe, then the tax should not be secret or secretly imposed. I am sure that Mr. Hoover can enlighten the American people if he wishes to. Such enlightenment may throw a great deal of illumination on the possibility of a League for Peace. The Saturday Evening Post article shows that however much Mr. Hoover or anybody else believes in the law of supply and demand, that there are certain controlling factors which have not wholly disappeared since the coming of peace. It would be well for those who are interested in a League for Peace to look into the economic effects of such a League. There is sufficient evidence before us to at least make us very cautious."

CONCRETE SEWER PIPE TO BE MADE IN MADISON

Madko Concrete Products Co. is installing an Automatic Machine at Janesville

Because of the increased demand for concrete sewer pipe in southern Wisconsin the Madko Concrete Products company are installing an automatic sewer pipe machine in their Janesville plant. From this plant will be distributed concrete sewer pipe throughout the southern part of Wisconsin.

Already one large contract for sewer pipe has been received and several others are pending. The company is at present furnishing the Modern Housing Corporation, a subsidiary of the General Motors and several other housing corporations of Janesville with Madko Stone.

BOSSY GIVES MORE MILK WHEN YOU PLAY VICTROLA; PREFERENCES CLASSICS

Music Also Balm for Headaches and Other Ills, Says Dr. Slatre-Wilson, State Expert On Harmony

WHILE scientists have been at-tempting to prove that good music "has charms to tame the savage breast," and progressive farmers have been demonstrating that cows give more milk when serenaded during milking time, Dr. E. N. Slatre-Wilson, Kenosha, claims to have discovered that music will cure many of the ordinary illnesses in life.

One farmer up in northern Wis-consin claims that his cows produce more milk by turning on the Victrola during milking hours. Classic music produces better results than "jazz," he says. The head of the musical observatory at Kenosha of-fers proof that music cures head-aches and kindred illnesses.

"I am convinced," said this mas-ter, "that music has power to cure physical illnesses and have seen many instances where cures have been effected by it. There is some-thing more in music than the charm and the emotional appeal with which we are all familiar."

He tells of a woman who attended one of his concerts recently and af-terwards remarked: "I came to the concert with the most dreadful headache, but when I left it had entirely disappeared." He recalls the work of musicians in the army hospital where soldiers suffering from violent cases of shell shock and mental disorders have been de-finitely helped by means of music.

Dr. Slatre-Wilson said it was not beyond the realm of possibility that he will start practicing the use of music as a medical power. He dis-claims any idea that there is any-thing miraculous about it.

"Miracle man! Not at all!" he said. "I have just worked out how vibrations affect certain individ-uals and applied it. A nervous, tired person can be brought back to health, I believe, by listening to quiet and beautiful music which will bring strength to his tired nerves and fagged body."

Dr. Slatre-Wilson was born in Syracuse, N. Y., his father being an East Indian and his mother a Ire-quois tribe. For years he was organist and choir director of the church of John Alexander Downe at Zion City. Several years ago he came to Kenosha and established the Grand Con-servatory of Music.

WILL STUDY POLITICS
BEAVER DAM—To study polit-ics and promote interest among women voters, representatives of 25 women's societies met here and or-ganized the Citizens' Study club.

CHURCHES ARE SHOWN TASKS

Slump in Membership Must Be Overcome Confer-ence Hears

Survey made by the Interchurch World movement in home and for-ign fields, showing many start-ling conditions having their source in prevailing ignorance and want of religion, were presented before a conference of Dane county pastors and laymen at the First Baptist church here today. The procedure to be followed in making the can-vass for support of this movement was carefully outlined by the coun-ty campaign chairman, Arthur Hed-quist. Dane county's quota is \$59,894.

The public is given a special in-itation to attend tonight's session when the results of the world sur-vey will be presented and slides shown.

Speakers today were the Revs. L. W. Westphal, C. A. Carriel, R. W. Shaw and F. J. Schriber, and Mrs. A. M. Sanford, all of Milwaukee. Devotionals were led by Mr. West-phal.

Mr. Schriber outlined the organ-ization plan, emphasizing that the object is not organic union but a co-operative effort of 30 protestant do-minations to conduct their for-ward campaigns under one banner, with the least duplication of money and effort.

Mr. Carriel outlined the organ-ization. Under the head of spiritual resources, a department of the movement will promote the fellow-ship of intercession, of religion in families and of evangelism. Under the stewardship department the funds necessary to promote the world movement will be raised. The duty of the life work department is to arouse interest in Christian work among young people.

Mr. Westphal revealed the de-crease in church membership. The lack of church affiliation is espe-cially noticeable in the western states. "The decrease" in Sunday school membership in the country since 1914 is estimated at about 600,000 students.

Though negroes are generally be-lieved to be quite religious, the In-terchurch survey disclosed that in the cities the percentage of church-going negroes is as low as 20 per-cent of the total negro population. This afternoon Mr. Schriber de-scribed the results of the foreign survey, and Mr. Shaw presented the evangelistic phase of the problem.

Name 2 Chairmen
Of Baptist Drive
Prof. A. L. Stone and Mr. T. E. Hines of Madison have been ap-pointed chairmen of a group of Four Minute Speakers who will aid Mad-ison Baptists in raising their quota of the Northern Baptists' \$100,000, 000 New World Movement fund. The work of collecting will start April 25 and continue through May 2. The money will be spent for the erection, improvement, equipment of scores of new colleges, missions, hospitals, churches, relief stations, and welfare huts. Baptist leaders are confident that Wisconsin's quota of \$1,540,000 will be fully raised.

STATE NEWS

NEENAH'S NEW MILL

NEENAH—The Anglo-American Milling company has selected Neenah as the site for a branch flour and cereal mill. It is expected to have the mill in operation by May 15.

BARBERSHOP CLOSED

NEENAH—High rents and the high cost of labor have resulted in the closing of the doors of the Smith barber shop. Mr. Smith will engage in other enterprise. He has conducted the local shop for the past thirty-four years.

BECOMES MISSIONARY

NEENAH—Ralph Church, ex-service man, has re-enlisted this time for foreign missionary work. After a short course of instruction at Minneapolis he will again sail for "over there."

CAPT. DIETZ RESIGNS

NEENAH—Captain Ralph Dietz has resigned his commission as commander of Company I, local W. N. G. unit.

FREIGHT PILING UP

SHEBOYGAN—The strike of switchmen has found no sympathy among local switchmen, all of whom are at work. Freight is piling up in the south yards of the Chicago & Northwestern, however, due to the embargo. Two freight trains have been cancelled on account of the strike.

ZIONISTS RAISING MONEY

SHEBOYGAN—Local Zionists have organized a campaign com-mittee with A. Feld, of Plymouth, as chairman, to raise this district's quota of the ten-million-dollar fund for the restoration of Palestine to the Jews.

SERVICES IN ENGLISH

SHEBOYGAN—After having ex-clusive German services since its organization fifteen years ago, the St. Paul's Lutheran congregation at a meeting of the voting members, decided to introduce regular weekly English services. Commencing May 2, German services will be held at 9:40 a. m. and English immediately following at 11 a. m.

PLANNING-CITY MARKET

APPLETON—Endorsement of the plan of the Appleton Woman's club to establish a city market here has been given by the American So-ciety of Equity and the new Cham-ber of Commerce. At a recent meet-ing of the club, representatives of the two organizations pledged their support to the women's efforts.

MR. ROSEBUSH NAMED

APPLETON—Appointment of Judson G. Rosebush, president of the Patten Paper company, as a member of the national committee of the Interchurch World movement has been announced. Mr. Rosebush is one of the organizers of the movement in Wisconsin.

TO BE SELF GOVERNING

APPLETON—House government of Lawrence college coeds is to be changed to conform with the poli-cies of the Women's Self Governing association of the middle-west which has granted a charter to the local school.

LOSES DAMAGE SUIT

APPLETON—The \$30,000 dam-age suit started by Miss Fern Lambie, nurse at Outagamie county sanatorium, against the Wisconsin Traction, Light, Heat and Power company was abruptly dismissed by Judge Edgar V. Werner just as the case was about to go to the jury, on the ground that the testimony showed the plaintiff guilty of con-tributory negligence. Miss Lambie charged she was seriously injured when her automobile was struck by the defendant company's street car.

Had Terrible Cough In Bed 3 Years

In 3 Weeks, she was out on the street again, feeling fine.

"In 1918, I had a cold, followed by pneumonia, which was with a severe cough. I coughed constantly from morning till night, and then would wake up in the night and cough and choke. I lost flesh and my appetite was very poor. I doctored with a specialist for over a year, and had several other doctors, but got worse instead of better. Last winter I was bedridden, had chil-dren and fever and got so weak I could not sit up in bed 5 minutes without faint-ing."

In February, 1919, I started on Milks Emulsion. I was then in bed, but in 3 weeks, I was able to be up and on the streets. Just think of it! For 3 years I have been a physical wreck, in bed most of the time, and Milks Emulsion had brought me out in wonderful shape. My friends all tell me how well I'm looking, for they didn't expect me to be living today."—Miss M. Russell, 1003 Opulencia St. Algiers, La.

In thousands of just such cases, Milks Emulsion has brought the same won-derful relief and improvement. It costs nothing to try.

Milks Emulsion is a pleasant, nutri-tive food and a corrective medicine. It restores healthy, natural bowel action, promotes appetite and puts the diges-tive organs in shape to assimilate food. It helps build up flesh and strength, and is a powerful aid in resisting and repairing the effects of wasting dis-eases. Chronic stomach trouble and constipation are usually relieved in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milks Emulsion un-der this guarantee—Take six bottles home with you, use it according to di-rections and if not satisfied with the re-sults your money will be promptly re-fund. Price and \$10.00. Get it at The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere. Guaranteed by the Lucky Pharma-cies—Adv.

"I WANT PEACE" SAYS OLD FIRE CHIEF WHO QUILTS

Oshkosh Veteran Has Been in Service 50 Years

Oshkosh—Robert A. Brauer has filed his resignation as chief of the Oshkosh fire de-partment, to become effective April 30. He has been connected with the department for over half a century and is finishing his thirty-second year as chief.

In length of service he is one of the oldest firemen in the state, hav-ing started in the old volunteer de-partment. His reason for resign-ing, he stated, was because "I now desire to spend my declining years in peace and quiet."

New Road Course Is Less Technical

To aid the state road maintenance program for the coming year, a third correspondence course in "Road Maintenance" has just been pre-pared by the University of Wisconsin extension division in cooperation with the state highway engineering department.

The course consists of six les-sons for road foremen, inspectors, and others, on the subjects: prob-lems of drainage and sub-drainage, prepared by G. F. Daggett, engineer of survey and plane; earth road con-struction, by H. J. Kuelling, con-struction engineer; earth road main-tenance and structure, by J. T. Donaghey, maintenance engineer; different kinds of road structures, by M. W. Torkelson, office and bridge engineer; common types of surfac-ing, by H. R. Hirst, state highway engineer; and maintenance of sur-face roads, by Mr. Daggett.

This new course is less technical than the other two extension courses, "Roads and Pavements," and "Ru-ral Highway Work."

Change in Discount Rate Brings Relief

LONDON—The increase in the minimum rate discount from six to seven percent today by the bank of England has removed the uncer-tainty which has been hanging over the market. It was considered bound to come in view of the in-fated credit position and the continen-tal financial situation, especially re-garding exchanges, and may pos-sibly stabilize the latter.

Announce Date of Guard School

There will be a school for all of-ficers of the Wisconsin National Guard at Camp Douglas from June 7 to 12. It has been announced that the encampment dates will be July 12-24; July 26 to Aug. 7; Aug. 9-21. Each encampment will include a regiment of infantry, a squadron of cavalry, a battalion of engineers, part of the signal troops and part of the trains.

Luther League to Meet Here Friday

The Luther League of Gloria Dei church will meet Friday evening, at 8:15. W. E. Cederburg, professor of mathematics and mechanical drawing at Augustana college, Rock Island, at present pursuing special studies here, will give an informal talk. The local league's monthly pa-per will be read. Refreshments will be served by Miss Hilda Christen-son.

SUN PRAIRIE

The Commercial Course students of the Parochial school, gave a card party at the school hall, Monday evening.

Mrs. R. C. Birkenbine attended the wedding of her brother, Herbyn Maynard, and Miss Ebba Bjurstron at Madison, which occurred last Saturday. Mrs. Birkenbine played the wedding march.

Mr. and Mrs. H. E. Pease enter-tained several little friends of their daughter Alice, in honor of her sev-enth birthday.

Miss Helen McElroy, who is at-tending the training school at Stoughton has been chosen as as-sistant in the Domestic Science de-partment of the school.

Miss Margaret Raab was a week-end guest with relatives in Milwau-kee.

Miss Myrtle Ellis, of Oconomowoc visited friends here Monday.

Miss Rex Eda Vick, of McFar-land is a guest in the home of Bert Spalding.

Russell Ninedorf was a Sunday visitor in the home of his grand-mother, Mrs. Vienna Kendall at Madison.

OBITUARY

MRS. RHODA ANDERSON. Funeral services for Mrs. Rhoda Anderson, sister of ex-Gov. James O. Davidson, who died Wednesday at her home, 1116 Erin st., will be held Friday afternoon at the home by Rev. O. G. U. Siljan. Burial will be made at Forest Hill.

MRS. LORETTA BURNS. Mrs. Loretta Burns, wife of An-gus Burns of Ridgeway, died this morning at St. Mary's hospital. She was born in Mineral Point, April 20, 1892. Besides her husband one daughter survives.

The body will be taken to the home in Ridgeway tonight.

HURLEY—Within twenty-four hours after he was arraigned in mu-nicipal court on a charge of robbing Joseph Bobich of \$420, James MacArthur was on his way to state prison at Waupun to serve eighteen months. When arraigned MacAr-thur pleaded guilty in order to be sentenced at once and to "get the thing over with," he said.

What Fashion Dictates

May be a matter of considerable importance to you—it likely is if a young man—older men sometimes scoff at "style" and fashions"—yet both young and old have a desire to be well dressed—but most important, that their clothes have "QUALITY" and repre-sent full value for the price paid.

This is absolutely assured in our Spring Suits and Topcoats—and at same time you secure "style" according to your taste and age.

Feature values \$45, \$50, \$60

SHIRTS Excellent Values New fabrics in spring shirts, percales and mad-ras. \$2.50 and \$3.50 Neckwear in the nar-rower shapes—new silks. \$1.00 to \$2.50	Union Suits Spring Weight Long or short sleeves—Superior make—the kind that fit. \$1.75 to \$3.00 Athletic union suits in large assortments.	Cloth Hats and Spring Caps We have had an un-usual demand for caps and hats especially cloth hats and have just added new patterns and fabrics. \$2.50 to \$6.00

O'CONNELL & MEYER

'Any Time Our Clothes Don't Make Good, We Will'

IN DEMANDS FOR INCREASE

Only 6 H. S. Teachers Sign Contract; Situation is Serious

"Out of 65 high school teachers, and with only two days left in which to sign their contracts, only six teachers have accepted contracts for the next school year," declared Volney G. Barnes, principal of the high school at a meeting of the High School Parent-Teachers' association Wednesday night. "Madison people are confronted with a serious situation. The salaries I must offer are being paid to teachers without experience and instructors of that calibre will have to be put in here if this situation prevails."

Mr. Barnes declared that teachers with homes in the city were holding down the salaries and that those who do not live here cannot be secured for less than \$1,600 to \$1,700 a year. "I have worked with the teachers' committee, argued with the members and asked them what they would do if 50 per cent of the contracts came back unsigned. I have been answered that the committee's action is final."

"If Madison's teachers refuse to sign their contracts," said Alfred Bushnell, member of the teachers' salary committee of the association, "the city is absolutely helpless. The school board has gone the limit in increasing salaries and we must face the problem as it is. Teachers will not accept the increase offered when they can go to Milwaukee or other cities and command higher salaries."

An appeal to the teachers to sit tight until the chaotic situation of labor peace is a summer basis was made by Frederick Crane. Mr. Bushnell declared that no one denied that teachers are not properly paid, and expressed that belief that in another year the school board will be able to make the demands of the teachers.

Considerable discussion arose over the question of what provision should be made for supplying text books for the high school.

HOLDS FEE ADDED TO BONDS ILLEGAL

Opinion by Attorney General Says Bond Sales Violate Statute

Sale of municipal or county bonds at par, but with an allowance "for legal service, printing of bonds, etc." is an evasion of the statute which may impair the obligation, according to an opinion written by Assistant Attorney General E. E. Bessard, made public Wednesday by Attorney General John J. Blain. The opinion covers the arrangement by which the Madison council disposed of \$100,000 worth of waterworks bonds last Friday to the William R. Compton Co. of Chicago at a sale price of par, but with a fee of \$1,000.

"The opinion covered sale of \$110,000 worth of highway bonds by Ozaukee county, with a sale price of par, but with an allowance of \$1,640 for incidental expenses. The opinion holds that this "would be a palpable

COAL YARD IS MADE PRETTY

Girls' Civic League Urges All Business Places be Made Attractive

What man can do in beautifying the most ordinary surroundings has been demonstrated at the corner of W. Doty and S. Bedford sts., where is located one of Madison's beauty spots—a coal and wood yard, a place of business usually thought difficult to make attractive.

The office of the concern occupies a frame building on the corner. The coal yard is surrounded by a high picket fence. The fence, as well as the office, is kept freshly painted so that now, without the foliage, the appearance is that of order and neatness. But in the summer-time trees, flowers, vines, shrubs and grass make the corner a delight. There is a perfect riot of vines; some cover the entire front of the office building, aspiring even to the chimney top, while others drape the fence. One appreciated, too, the time and effort expended by the Madison Fuel company to make that half block one of the most attractive in Madison.

If such results can be obtained to make a coal and wood yard attractive," says the Girls' Civic league, "what ought not the rest of us to be able to do if only we start in time? The best time to plant shrubs and vines is as soon as the frost is out of the ground. The first week in May is not too late, however."

HIBBARD NAMED AS BROWN SWISS LEADER HERE

Will Have Charge of Junior Livestock Exposition

B. H. Hibbard of Madison has been appointed as a representative of the Brown Swiss on the committee of 25 which will have charge of the Wisconsin Junior Live Stock Exposition to be held in Madison in October.

Mr. Hibbard will soon initiate a campaign to enlist the interest and support of every Brown Swiss breeder in the state in this important state-wide movement to interest the young people of Wisconsin in live stock husbandry and permanent agriculture.

Two Italian Airmen Killed at Bushire

KARACHI, British India—Captain Gordesce and Lieut. Grass, Italian aviators, engaged in the Rome-to-Tokio flight were killed at Bushire on the eastern shore of the Persian Gulf. They were attempting to land after crossing the gulf when their machine crashed to the ground.

"We have sold municipal bonds under the same arrangement before," said City Attorney William Ryan Thursday. "Attorneys on both sides are fully advised of the law."

Born in 1839 Dr. Caldwell Still in His Office Daily

Wonderful vigor of the founder of Dr. Caldwell's Syrup Pepsin. Millions now use his famous prescription

Physicians know that good health depends largely upon proper digestion and elimination and that much sickness results from constipation. No one knows this better than the "family" doctor, the general practitioner.

Dr. W. B. Caldwell of Monticello, Illinois, was and is a family doctor. The whole human body, not any small part of it, was his practice. More than half his "calls" were on women, children and babies. They are the ones most often sick. But their illnesses were usually of a minor nature—colds, fevers, headache, indigestion—and all of them required first a thorough evacuation. They were constipated.

Dr. Caldwell in the course of 40 years' practice, for he was graduated from Rush Medical College back in 1875, had found a good deal of success in such cases with a prescription of his own containing simple laxative herbs with pepsin. In 1892 he decided to use this formula in the manufacture of a medicine to be known as Dr. Caldwell's Syrup Pepsin, and in that year the preparation was first placed on the market. The picture of Dr. Caldwell that appears on the package was taken in that year.

The preparation immediately had as great a success in the drug stores as it previously had in the doctor's private practice. Today the third generation is using it.

Mothers are giving it to their children who were given it by their mothers. Every second of the working day someone somewhere is going into a drug store to buy it, for Dr. Caldwell's Syrup Pepsin is selling at the rate of over 6 million bottles a year.

Its great success is based on merit, on repeated buying, on one satisfied user, telling another. There are thousands of homes in this country that are never without a bottle of Syrup Pepsin, and the formula of that prescription is fortunately living to see its wonderful success.

Women, children and elderly people are especially benefited by Dr. Caldwell's Syrup Pepsin. While it is promptly effective on the most robust constitution and in the most obstinate cases, it is mild and gentle in its action and does not cause griping and strain. Containing neither opiates nor narcotics, it is safe for the tiniest baby and children like it and take it willingly.

Every drug store sells Dr. Caldwell's Syrup Pepsin. Keep a bottle in your home. Where many live someone is sure to need it quickly.

DR. W. B. CALDWELL TODAY. Born Shelbyville, Mo., March 1, 1839. Began the manufacture of his famous prescription in 1892.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest-selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have it, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

Business Women's Dinner Thursday

More than one hundred business women will attend the dinner of the Madison Business and Professional Woman's League at the Woman's building Thursday night at 6.

The subject to be discussed is "Housing Conditions for Madison Business Women." Miss May Cowles of the Home Economics department of the university will give an analysis of the questionnaires which were filled in by the women some time ago and tell what the women want in the way of rooms and apartments. Chandler B. Chapman, president of the Association of Commerce and a member of the Madison Real Estate board, is also to speak.

Indict 23 Charged With Boosting Price

CHARLOTTE, N. C.—Twenty-three firms and individuals in North and South Carolina were indicted by a federal grand jury here today charged with having entered into a conspiracy to increase the price of bread.

HELPING MA IN KITCHEN IS NEW PLAN OF STATE HIGH SCHOOL WORK

Mary Dries Dishes and Sammy Chops Wood Under Direction of Vocational Teacher, is Latest Idea

"AGRICULTURAL education is becoming more and more popular in Wisconsin," says J. A. James, assistant dean of the college of agriculture of the University of Wisconsin. In 10 years the number of agricultural high schools has grown from one in 300 to 100 in 400, and this in spite of the fact that it was only in 1901 that the first classes in agriculture were held in any high school in the state.

Helping mother in the kitchen and father on the farm is to be

counted as high-school work. That is the new idea. This home work is done under the direction of the vocational teacher in the high school and is called "directed practice." It is combined with the work done within the high school itself, and makes a well-rounded, practical, and academic course.

"This requirement of six months' directed practice," says Dean James, "is the keynote of success in agricultural education. Without it vocational education would fail."

The carrying out of these new plans has been helped by the financial and moral support of the Smith-Hughes law, passed three years ago. Since that time, not only in the state of Wisconsin but in all the United States, there has been an amazing advance in agricultural education. Steps have been taken throughout the country to train teachers to meet the demand and to have these teachers capable of carrying on both the practical work of the directed practice and the text book work in the classroom.

40 C. J. STUDENTS VISIT IN CHICAGO

Prof. Bleyer and Hyde Conduct Tour Through Big News Plants

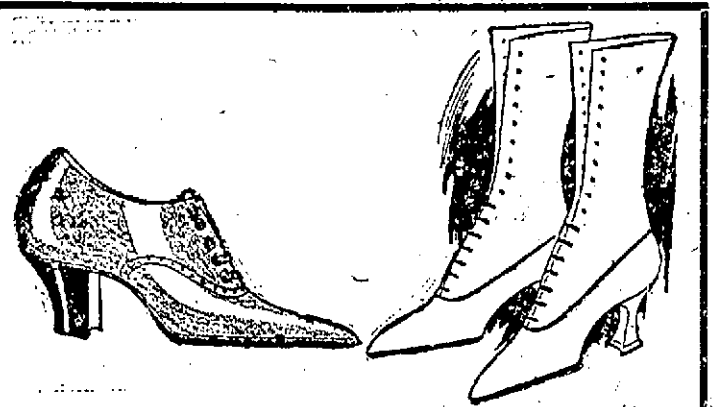

Accompanied by Prof. W. G. Bleyer and Prof. Gant M. Hyde, forty students of the course in journalism left Thursday morning for Chicago to inspect a few of the large newspaper plants and news bureaus. A visit was made to the plant of the Western News-paper Union, manufacturers of stereotyped plates and ready-prints.

During the afternoon, inspection was made of the Associated Press headquarters, the city news bureau and the other Chicago newspaper offices. The party will return to Madison tonight at 9:15.

Among those who went are: Blanche Allen, Dorothy Ahern, Ruth Anderson, R. W. Babcock, Katherine Beebe, Marie Budden, Isabella Bugbee, Walter E. Daniels, Robert W. Desmond, Margaret Dickson, Lucile Drewry, L. F. Erickson, Frederick M. Germer, Dorothy Guernsey, Edith Hadley, H. B. Halperin, Garret E. Kleven, Florence Koltas, R. T. Herz, Adeline Longaker, Jean McBride, Iva McDonald, Bernard E. Meyers, Laurence W. Murphy, Mildred Nussbaum, R. J. Puchner, Dorothy Randolph, Catharine E. Schultz, Ella and Marguerite Schulz, Murray Sheehan, E. M. Shunk, H. G. Swan, E. B. Thayer, Lucile Zander, Marion Bergeson, Marion E. Moore.

HOW TO ADD STRENGTH, BE HEALTHY

More Happiness and a Longer Life Through Use of Bitro-Phosphate Health System

NEW YORK. Say unto yourself that from this very day you will steadily and permanently improve your health; that you will have calm nerves and a "no worry" disposition.

Begin now to use Bitro-Phosphate. Easy to assimilate, has a valuable therapeutic action upon the whole body, including even the bones; and with health aids supplied in the package, the benefit is often reported as next to miraculous.

Improve your blood, your tissues, your organs. Become stronger, let natural energy of the true kind replace your weakness and lack of either will power or muscular capability. Take back what no longer. Don't be a back number. Awaken right now to the grand possibilities; and realize that you can show greater strength, be happier and live longer if you only adopt the simple, true method. Take a brief treatment of the delightfully efficient Bitro-Phosphate health system. Let the scales, the tape measure, your improving appearance, your calm forcefulness and your accomplished show themselves from day to day.

In cases where persons were "all run down" they have reported considerable weight increase. In cases of nervousness, great irritability, inability to concentrate or to remember, and in numerous other troubles of the nerves or mind, where the phosphoric element was essential, the Bitro-Phosphate treatment has accomplished marvelous benefit, according to the reports of enthusiastically cheerful users.

CORNELL GETS \$4,000,000 OF NEW MONEY

State Appropriation of \$3,000,000; Private Gift of \$1,000,000; Salaries Are Raised

Cornell University is at once to make a great forward stride. Two bills appropriating a total of over \$3,000,000 have passed the legislature and been signed by the governor. This sum is to be expended in enlarging the agricultural department. Five or six new buildings are to be erected.

As the state pays annually all the expenses of the agricultural and veterinary departments the full amount of the appropriation will be available for new buildings, the improvement of present buildings and for equipment.

The legislature also made an appropriation of \$278,000 for increasing the salaries of professors, instructors and officers of the agricultural college.

For several years past appropriations annually for the support of the agricultural college, (maintenance and equipment) have amounted to about \$900,000. This year the maintenance appropriation runs beyond \$1,000,000.

The plans and specifications for the new buildings have already been partly prepared. It is expected that about three years will be required to complete the new work.

Besides the agricultural college enlargement Cornell is building a new chemical laboratory costing \$1,000,000 from funds privately donated.

Cornell University is partly a state university, and partly privately endowed. Founded 50 years ago, by the federal land grant, the funds from this source were increased by gifts from Hiram Libby, Ezra Cornell, Henry W. Tague and others. The state only contributes to the support of the agricultural, veterinary and military departments.

A campaign is now on to raise \$10,000,000 for an endowment fund to permit increase of salaries to professors, instructors and officers, not connected with the state departments.

Explosion Kills 200 in Prussia

Human Wolves!

They have broken in! Howling at all that is holy—Ranting at law, sneering at decency—Scattering red poison from mouths that prate of "humanity"—Working, perhaps, in your home!

They have broken in! Burning, bombing, slaying—Enlisting the dreamers, drones and vandals in a crimson crusade—Bringing fears to our land that boasted it was safe.

See them in "Dangerous Hours." A soul stirring love-drama of this hour.

The story of a young American, clean and fearless, who joined the pack to "help mankind"—injured his friends—forsook his father—wronged the woman who loved him—turned to a woman who dragged him down.

How will you be fixed in 1930?

When ten years or so have rolled into history will you be financially independent or "broke?"

You may say you can't tell. But you can if you really want to.

Speculative investment is the reason why the vast majority of people reach old age without much money.

Statistics that have been tabulated and recorded for many generations prove that to be a fact.

Remember—if you speculate with your money sooner or later you'll probably lose it.

If you will save consistently while you have your full earning power, and invest those savings in The Commercial National Bank's 6% First Mortgage Bonds you can with certainty count upon always having money.

You can actually settle for yourself just how much money you will have in 1930, or 1940, or at any date you like. It is only a question of how much you will save. Your capital in these bonds is always safe and it earns a regular 6% per year. Interest payable exactly on the date due at this bank.

Commercial National Bank

Madison, Wis.
The U. S. Government deposits money in this bank.
Why don't you?

COW TESTING FUNDS GONE

New Rules Issued Because Appropriations Are Now Exhausted

The funds allotted by the legislature for the period from July 1, 1919, to June 30, 1920, for payment of indemnity by the state on cattle condemned and slaughtered on account of tuberculosis have all been paid out.

Notice was sent to veterinarians and breeders of cattle that no testing must be done until July 1, 1920, unless the owner agrees before the test is begun to hold any reactors, that may appear, in quarantine separate from the remainder of the herd until July 1, when they will be appraised and disposed of. Farmers of the state desiring to test cattle are being notified to the same effect.

Farmers can, of course, waive their claim for indemnity from the state, test their cattle and ship their reactors to packing plants having federal inspection, receiving for them the net proceeds only. The animals should be shipped as reactors and the packing plant must be notified by the shipper of the identification of each animal by the ear tag number.

At The Theaters

At The Strand—One of the most spectacular scenes in "Dangerous Hours," the big Thomas H. Ince production that is being shown at the Strand theatre today and tomorrow. An exact replica of the Duma was constructed, and seven hundred "extras" were hired for the assemblage of soldiers and workmen. The director succeeded in getting mostly Russians for the scene. But when the actor representing "Premier" Lenin made his appearance, there was a hitch. By rare good fortune H. Novitsoff, who recently arrived from Russia, where he performed at the Imperial Theatre, Petrograd, was secured. He is the image of Lenin and, besides, is a fine actor.

"Dangerous Hours" is a startling story with the current radical unrest as the background. Lloyd Hughes and Barbara Castle are the featured players. It is a Paramount Artcraft picture.

As added attractions Literary Digest, "Topics of the Day" and a comedy cartoon will also be shown.

The Grand—The Marshall production of "The Grand" is a story of the river. The end will be held over and shown again today. So great was the number of people who were disappointed in not getting admission to see the picture that Manager McWilliams of the Grand succeeded in getting permission to hold the picture for an additional day. "Even As Eve" advertised for today, will start tomorrow and will be shown but two days instead of three as originally intended.

At The Fuller—Anita Stewart, Earle Williams and a host of screen favorites are featured on the Fuller picture program for today in the Vitaphone photoplay "The Juggernaut," one of the most thrilling and interesting pictures produced in years. The comedy part offers Smiling Billy Parsons in the two reel "They's Off."

W. S. Hart in the picture "Square Deal Sanders" and the Sennett players in the two reel comedy "The Village Chestnut" will be the offering at the Fuller on Saturday.

Tomorrow bring to the Fuller for a matinee and evening performance Mr. Otis Skinner and company in his new play "Pietro." Mr. Skinner has always proven a welcome visitor to Madison, and his performances are always looked upon as the treat of the season. All seats with the exception of the gallery are sold for the night show, and indications point to a sell-out for the matinee. Those wishing tickets for one of the three performances of Clarence, scheduled for the Fuller next week Monday and Tuesday with Tuesday matinee can purchase them now at the box office.

AT THE ORPHEUM.

An extraordinary five act vaudeville program will be seen at the Orpheum this evening, when a quintette of metropolitan acts will appear including the musical comedy stars, George Demare and Myrtle Vail, who are to present a comedy with music, entitled "Hearts and Clubs." Beth Bell, California's latest dancing star, assisted by Ja Velle and Paul O'Neil are to appear as a feature also. Keller Mack and Anna Earl, two expert fun-makers, will offer a singing and comedy act, called "A Letter of Introduction." Jennie Middleton, a dainty violinist, will render a popular musical program. Russell & Hayes, with original ideas, will be on the bill. Kinograms, news pictures of world events and "Topics of the Day" are to be shown. Acrobatics will be given tomorrow afternoon.

WANT BETTER TEACHERS' PAY

Rotarians Ask Philipp to Provide Pay Boost by Legislature

WAUSAU, Wis.—That the Rotarians are strongly in favor of a substantial salary for educators of the country is shown in a resolution passed and sent to Gov. Philipp of Wisconsin today.

The resolution asks the governor to call a special session of the state legislature to pass legislation granting educators salaries sufficient not only for the necessities of life, but for recreation and savings. Election of a governor for the fifteen district of International Rotarians will be held late this afternoon. Charles Whalen of Madison is prominently mentioned for the place. The convention will close tonight.

MAYO DOCTOR TALKS HERE

Dr. Enderman Guest of Dane County Medical Men Last Night

Dr. George B. Enderman, of the Mayo clinic, Rochester, Minnesota, was the guest last night of the Dane County Medical society at their regular monthly meeting at the Association of Commerce assembly room.

He gave a lecture, with lantern slides, on the medical and surgical aspects of gastric ulcer. Dr. Enderman is the head of the section of gastro-enterology at the Mayo clinic and has had an experience with 3,600 operated cases.

Those present were: Doctors R. H. Jackson, Walter H. Sheldon, T. W. Torney, A. R. Torney, J. A. Jackson, W. W. Stebbins, C. R. Bardeen, J. H. Lee, Leslie McCoy, James Dean, Robert Van Valzah, R. H. Blankenship, Sara Morris, L. R. Head, R. S. Ingersoll, Howard Curly, Carl Harper, Eugene Sullivan, Arthur G. Sullivan, Richard Aylward, W. D. Stovall, C. D. Dwight, W. T. Lindsay, C. S. Sheldon, W. J. Gunzer, Homer M. Carter, J. H. Bertram, J. A. Mack, B. D. Collins, H. P. Greeley, Arnold Jackson, George Newman, of Chicago, August Sauthoff and Sharpe of Verona.

See Measures Beat By 5,000 Majority

The constitutional amendment increasing the salaries of members of the legislature has been defeated by a majority of at least 5,000, according to official returns received at the office of the secretary of state and unofficial returns from other sources. With 23 counties missing 43,000 votes have been cast for the amendment and 62,000 against. These figures, however, do not include the majority of 21,000 in Milwaukee county for the amendment. Secretary of State Hull, said on Wednesday, that he believed that the returns indicated that the amendment had been defeated.

EAST MADISON

The Rev. Robert Allingham, Oakridge ave., has recovered from his recent illness so as to go on his work through the state as financial secretary of Congregational church. C. F. Nodderman, Willard ave. is on a business trip in the western part of the state.

Mr. and Mrs. A. H. Winge, recently married, are settled in their home at 408 Center ave.

Mrs. Edwin Hockett, Sommer ave. was hostess Tuesday afternoon to the young woman's guild of Plymouth church.

Mrs. P. R. Coutant of Portage is a guest of her son Nathaniel Coutant, Corry street.

George Flickner of Delton is a guest of Mr. and Mrs. George H. Adams, Lakeland ave. Mrs. Flickner is a patient in the General hospital.

Wesley W. Jones, 625 Sommers ave. went to Watertown, Thursday where he is the guest of Richard Thauer.

Miss Alma Swenson, Marquette ave. is in Chippewa Falls, where she is called by the illness of her sister, Mrs. Matilda Korp.

Mrs. Geo. H. Adams, Lakeland ave. has returned from Kibbourn where she was a guest of Mrs. Emmett Brown.

Mrs. John Chandler of Low Moor, Iowa is a guest of Mrs. James S. Hipple, Schiller Court.

Mrs. J. N. Dahlen of Mt. Horeb has been a guest of her daughter, Mrs. Fred O. Rennebohm, Dunning street.

Miss Anne Sullivan, Winnebago st., has returned from a visit in Milwaukee.

Mr. and Mrs. Herman Pleuss, Clemons ave., have returned from visiting their daughter, Mrs. W. S. Chandler at River Falls.

Mrs. Harlan Middleick of Livingston is a guest of her sister, Mrs. W. H. Glenn, Center ave.

John Derleth of Sauk City has returned after visiting Mr. and Mrs. Herman Derleth, Center ave.

Mrs. A. M. Hayer of Detroit is a guest of Mr. and Mrs. A. F. Nelson, Winnebago street.

Miss Florence Wartner of Lodi is a guest of her parents, Mr. and Mrs. A. Wartner, East Washington ave.

Mr. and Mrs. Fred Riddle, East Wilson st., have returned from visiting friends in Lodi.

Mr. and Mrs. Joseph Falkner, Jr., have moved from East Wilson st. to South Madison.

Mrs. Albert Tinker, East Washington ave., has returned from Greenburg where she visited her parents, Mr. and Mrs. H. Heitkamp.

ALBERT B. STEINER, of St. Paul, Minn., who declares he is now able to do twice the work he could before taking Tanlac and that his sister has gained sixteen pounds.

"Talking about things that help people, I have just received a letter from my sister in Waterloo, Iowa, telling me she has gained sixteen pounds in weight by taking Tanlac," said A. B. Steiner, 460 East Page Street, St. Paul, Minn., recently.

"My sister was on a visit to me a short while ago, and as she was suffering from stomach trouble some one advised her to try Tanlac, which she did, and as I saw the great benefit she was getting from it I decided to try it myself, for I had been troubled with my stomach for the past two years. I had a very poor appetite, and the little I did manage to eat seemed to lodge right in the pit of my stomach and sour. I would bleed terribly after eating and have the worst sort of cramping pains in my stomach, and at times I had such bad attacks of heartburn I would nearly go wild. My back gave me a lot of trouble, and I had such intense pains in the small of my back I could hardly bend over. To add to my other troubles, about two months ago I began to suffer with rheumatism in my shoulder blades and arms, which got so bad I could hardly do my work, and could not even put on my coat without assistance. I was so nervous I could get but little sleep and would roll and toss from one side of the bed to the other all night long, and would get up in the morning all tired out. I was so badly run down, and had lost so much weight I was so weak I could hardly get about at all.

"Well, while I have only taken five bottles of Tanlac in all my improvement is simply remarkable. I have such a good appetite, and am hungry all the time, and my stomach is in such a splendid condition I can eat anything I want without suffering the least bit from it afterward. The pains have all gone out of my back and I never have the least sign of rheumatism. In fact, I never have an ache or pain of any kind. I sleep as sound as a log every night and have gained in weight and strength until I can do twice as much work as I could before I began taking Tanlac. Yes, sir, I can recommend Tanlac after what it has done for me, and I know it will do the same for others if they will only give it a fair trial."

Tanlac is sold in Madison by the Luckey Pharmacies, in Mazomanie by Geo. A. Shields, in Mt. Horeb, by C. C. Robertshaw and by the leading druggists in every town.—Adv.

KNOWLEDGE BASE OF DEMOCRACY

Women Need Information to Vote Intelligently Says Speaker

That a column in the city newspapers is needed by those who are anxious to get information that may vote intelligently; that non-partisan discussion of questions concerning which women want to acquaint themselves in their newly acquired possession of the franchise, would prove of inestimable value, and that democracy is based upon knowledge, were statements made by Mrs. H. W. Chynoweth in her address on Woman and Her New Problems, given Monday evening at the Esther Vilas Memorial hall.

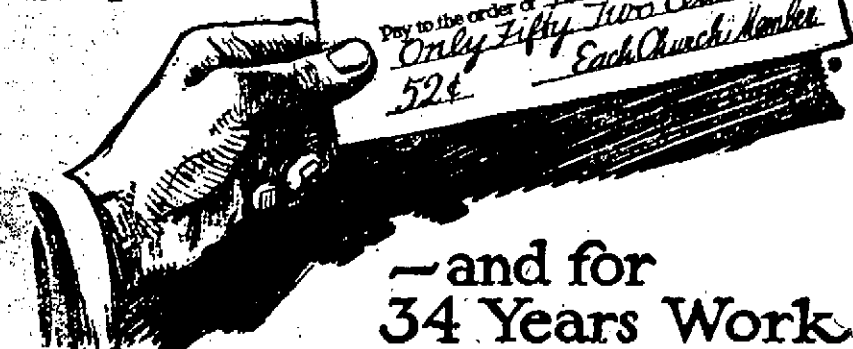

"Our vote is our responsibility. If on election day, a man decides to go fishing instead of voting, he is no patriot, but he is within his rights. The vote is therefore no burden, no oppression—one may use it or not use it. But the denial of the vote is oppression, for there are those who desire to exercise their citizen's right to a share in the government which they support with their taxes.

"Believe with Miss Helen Taft, that there should not be a separate woman's party, but that reforms of special interest to women—the protection of children, the safe-guarding of women in industry—be made a part of the party platform and party business. Women should be in office, though not at once in the most important offices, since women still lack political technique."

The issues of the coming campaign—peace and war, government ownership, industrial questions, universal military training, the high cost of living—are all problems within the experience and understanding, and close to the heart of women.

Women must possess good sense, tact, and dignity to help guide the ship of state.

52¢ How would YOU like a raise like this?

—and for 34 Years Work

THAT is the kind of increase in salary the minister has received. His living expenses have risen just as fast and as far as yours.

But he is paid on the average just 52 cents more per church member than he was paid 34 years ago.

The Minister Never Fails You

Every officer of the Government with a war message to deliver appealed to the ministers first of all.

But 80% of the ministers receive less income than government economists figure as a minimum for the support of an average family.

When hospitals need money they enlist the support of the ministers—and receive it.

But when sickness visits the minister or the members of his family they must be treated in a charity ward. His pay is less than a day laborer's.

We Pay Him Half the Wages of a Mechanic

8 out of every 10 ministers receive less than \$20 a week—about half the pay of a mechanic. And of these pitifully inadequate salaries, how much do you contribute? Nothing if you are outside the church; an average of less than 3c a day if you are a church member.

All of us share in the benefits of Christian ministers to the community. They marry us; bury us; baptize our children; visit us when we are sick. In their hands is the spiritual training of the youth.

We Are All Profiteers at Their Expense

Part of the Interchurch World program is this—a living wage for every minister of Jesus Christ; an efficient plant and a chance to do a big man's job.

If you want better preachers, help to pay the preachers better. It's the best investment for your community—and for your children—that you can make.

INTERCHURCH WORLD MOVEMENT

45 WEST 18th STREET, NEW YORK CITY

ACCUSES WIFE OF IMMORAL CONDUCT

Leo McCann, Returned Soldier, Sues His Wife for Divorce

The suit for divorce brought by Leo McCann, 105 S. Park st., against his wife, Margaret, whom he accuses of immoral conduct and also of neglect of their baby, was heard in superior court before Judge Hoppmann Wednesday morning.

McCann testified this morning that when he came back from service in the army last May, his wife was working in a store and that she was neglecting the child, for whom his wife's mother was caring. The case was continued during the afternoon. Carl N. Hill is attorney for McCann, Harry Sauthoff for Mrs. McCann.

Heals Running Sores and Conquers Piles

Also Stops All Itching of Eczema Almost Immediately

"I felt it my duty to write you a letter of thanks for your wonderful Peterson's Ointment. I had a running sore on my left leg for one year. I began to use Peterson's Ointment three weeks ago and now it is healed." A. C. Gilbrath, 703 Reed Street, Erie, Pa.

"I'd rather get a letter like that, says Peterson of Buffalo, than have John B. Rockefeller give me a thousand dollars. It does me a lot of good to be able to be of use to my fellow man.

For years I have been suffering through eczema—a large box of PETERSON'S OINTMENT for 35 cents. The healing power in this ointment is marvelous. Eczema goes in a few days. Old sores heal up like magic; piles that other remedies do not seem to relieve are speedily conquered. It stops itching in five minutes and for scalds and burns it is simply wonderful. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y.—Adv.

prior court before Judge Hoppmann Wednesday morning. Varsity Team To Play Today At Valparaiso

Coach Kent to Start Miller
Against Indiana Nine;
Play Notre Dame
Tomorrow

The Wisconsin University baseball team stopped over in Valparaiso, Ind., today, completing the first leg of the spring training trip. The nine was scheduled to play Valparaiso university this afternoon.

Coach Kent said before leaving that he would use Miller in the first contest, saving Williams and Zulfer for the Notre Dame games. The Badgers have two games scheduled with Notre Dame, one for Friday and one for Saturday. These games will go far toward determining the real strength of the team, as Notre Dame is especially famous for the high quality of its baseball teams.

The Wisconsin squad left yesterday afternoon, with three victories to its credit, and according to Coach Kent they will be back with three more. A clean sweep in the Indiana games would mark Wisconsin as a conference contender.

Kleinheinz Leads in K. C. Singles

Franz Kleinheinz, left-handed bowler, hit for a total of 575 pins last night in the opening matches of the Knights of Columbus singles, which, with his three pins a game handicap, enabled him to lead at the conclusion of the evening's timber-smashing, which brought about half of the "Casey" pinmen into action.

Ed Wirka, bowling without a handicap, shot the best count of the evening to take second place, his games being 194, 189 and 183. John Behrend, aided by 45 pins total handicap, ranged next with 715, one point ahead of John Branehey, who had a nine pin handicap.

Others leaders following the bowling last night, with the first figure after their names indicating their handicap, were:

George Rupp, 18, 569; John Coyne, 0, 565; Charles O'Neill, 0, 563; Dr. Donovan, 54, 556; William Ryan, 18, 554; P. A. Weinand, 54, 553; William Munsell, 0, 551.

The singles will be continued tonight at 9 when some crack bowlers take the drives to shoot at the marks set by Kleinheinz, Wirka et al. The doubles will be staged next Monday night at the Madison alleys.

CHAMPION REDS HIT ALEXANDER

Cubs Drop Opener in Cincinnati by 7-3 Count;
Reuther Hurls
Steady Ball

CINCINNATI — The world's champions on Wednesday defeated Chicago, 7 to 3. Alexander was hit freely and was unsteady, but his batting was responsible for all of Chicago's runs. Reuther held the visitors well in check, except in two innings. The Reds clinched the victory in the seventh by scoring three runs on a walk to Daubert and hits by Groh, Duncan and Kopf. Score:

City Indoor Title To Scanlan-Morris

Scanlan-Morris' crack indoor baseball team, champions of the Industrial league, last night demonstrated its clear right to the title by trimming the Fuller & Johnson nine, 17 to 9, in a fast battle at the city Y. M. C. A. The losers led until the eighth inning, when S-M went into an 8 to 8 tie.

WHITE SOX WIN FROM DETROIT

Williams Hurls Gleasonites
to Eleven Inning Victory at Chicago

CHICAGO — Weaver E. Collins, Williams and Heilman furnished the thrills in an exciting eleven inning game on Wednesday, which Chicago won from Detroit, by 3 to 2. Heilman's home run drive into the left field bleachers tied the score and forced the game into extra innings.

Felsch and Leibold made spectacular catches which saved the game for the locals. Score:

Chicago—AB H P A

RUTH'S ERROR LOSES

PHILADELPHIA — Ruth's muff of Dugan's long liner allowed two runs to score in the eighth inning on Wednesday, giving Philadelphia a 3 to 1 victory over New York.

Home runs by Pipp and Perkins scored the early tallies. Both Perry and Shawkey were in fine form, but twice double plays came to the rescue of the local pitcher.

INDIANS TROUNCE BROWNS

CLEVELAND—Cleveland opened its season by defeating St. Louis, 5

ROUNDY'S CORNER

This is fine weather for the coal man, everything comes to him in a lump. This has been a great year for burning up money.

Farm labor is going to be scarce this summer, the wisest ones will stick to the farm, it has city life and catch-as-can-eating in restaurants beaten forty ways.

Five of Madison's popular young "Johms", members of the Ice Cream Inhalers' Club, are going to buy a car. They are undecided as to whether they will purchase a Tin Lizzie or a Handcar.

This is going to be a dry summer, thousands of laborers are leaving for Europe where they don't have to wait for the three mile limit at sea to see the foam.

The roads to Middleton are in excellent shape now, why shouldn't they be they are seldom used.

Uncle Tom's Cabin, the little feedery, run by the Happy Mallard Bros. on Monona Ave. is to be redecorated this summer. The trouble is to get a ladder long enough to reach the roof.

I would like to take one look in that black bag that the Chinaman saved in that fire yesterday to see if my four shirts are in it.

Nick Reis has got a sign in his window "Ice Wanted." From now on Nick is our best friend.

Wisconsin leaves to play a ball game with Indiana and a practice game with Notre Dame. Now when you pick out that game for a practice game, the team is carrying a wicked press agent with them.

to 0, before one of the largest opening day crowds in the history of Cleveland baseball. Coveskie held St. Louis to five hits and struck out seven men. Cleveland hit Sochoro hard, bunching their hits in the second inning, when they scored four runs. Johnston's fielding was a feature. Score:

St. Louis.....0 0 0 0 0 0 0 0—0

Cleveland.....0 4 0 0 1 0 0 0—5

NEW INFIELD BIG HELP TO WASHINGTON

Griffith's Senators Are
First Division Club Says
Norman E. Brown

By NORMAN E. BROWN
LARK GRIFFITH appears to have the best ball club that has represented the National capital in recent years and one which will give the "up there" teams a fight for a first division berth. The Nats have always had a big voice in the pennant race (ask the Cleveland fans) although they haven't been contenders.

Griffith, mainly through Walter Johnson, has wrecked the hopes of pennant aspirants in the last months of the campaign very often. This year the capital team ought to have more than ever to say about it.

The weakest spot on the Washington club last season was its inner defense. Griffith has good pitching and fair hitting last year. His outfield handled its part of the defense well but his infield was woefully weak. This year, with a new and younger combination around the bags Griffith hopes to see that fault rectified.

Griffith's infield probably will consist of Judge first base, Ellerbe second base, O'Neill shortstop, and Joe Leonard third base. It may be, though, that the opening day will find O'Neill and Ellerbe switched.

Judge is a sure thing at first. He has been playing the initial bag for four or five seasons. He has developed into a first-class man at that station. At second last year Griffith used Grover and Hal Jannin but neither filled the bill. Jannin was peeved at having to play with the long trampled on Nats. Ellerbe, an International league star was tried mainly at shortstop last fall by Griffith but the old Fox has decided that he can be converted into a second baseman. Ellerbe's one weakness, inability to hit low balls, has been remedied by the simple expedient of employing a tipping of opposing pitchers to that weak point. Ellerbe got enough practice hitting at them after that to cure the fault.

The veteran Shanks played short most of the time last season. He showed his years, however, and his hitting was woefully weak. Jimmy O'Neill, brother of Steve, Indian catcher, is a green man in the majors but he is a clever fielder, fast on his feet and has a good head. Joe Leonard is almost a veteran at third.

When Griffith obtained Maurice Shannon with Bobby Roth from the Red Sox it was with the intention of making Maurice his second baseman, but the showing of O'Neill and Ellerbe have made it means that Shannon will have to fight to obtain a regular job in the infield. He will, however, be valuable as a reserve man for either berth if he doesn't break into the first lineup.

Walt Johnson's presence in his usual form gives Griffith a first-class pitching staff, as always. In addition to Walt, Griffith has Erickson and Shaw as vets and three or four likely looking greenies. Courtney, one of the newcomers, won three straight games as a starter for the Fox last fall. Al Schacht, International league bearcat for several seasons, ought to become a regular.

The outfield stacks up as the best Griffith has had in many moons. Who would want a better hitting or a speedier outfit than Milan, Roth and Rice? Sam Rice slugged away at a .321 gait last season. Roth, shifted about the league, grabbed off an average of .289, Milan tying him with the bat. Although the last season records don't prove it, Roth will add to the Nats' attack. Mike Menosky hit within two points of Roth last season, but Roth going good, is a timelier hitter than Mike.

Nick Reis has got a sign in his window "Ice Wanted." From now on Nick is our best friend.

Wisconsin leaves to play a ball game with Indiana and a practice game with Notre Dame. Now when you pick out that game for a practice game, the team is carrying a wicked press agent with them.

**Map Schedule for
City Pin Tourney**

The executive committee of the Madison Bowling association will meet Friday night at 7:30 in Van Deusen's store to draw up the schedule of bowling in the 1920 city bowling tournament. The schedule of play will be ready for publication Saturday, it has been announced.

The meeting will open Tuesday, April 20, and continue for eight days. Secretary F. G. Kramer said this morning that 82 five-man teams and 163 doubles teams had entered while 286 bowlers had signified their intention of competing in the singles.

MARKETS

RISE IN CORN IS CONTINUING

Lack of Pressure in Selling
is Today's Feature

CHICAGO—Corn continued to show an upward tendency in price today with lack of selling pressure an outstanding feature. The absence of aggressiveness on the part of bears was ascribed mainly to the strengthening in wheat values and to the demoralized railway traffic situation. Opening prices which ranged from 1/2c decline to 1/4c advance with May 1.67 1/2@1.68 1/2 and July 1.60 1/2@1.61 1/2 were followed by material gains all around.

Oats
Delaying in seeding gave independent firmness to oats. After opening 1/4c higher including July at 88 1/2@, the market continued to harden.

Provisions
Provisions were dull but firm.

CHICAGO LIVESTOCK
CHICAGO — Cattle receipts 9,000; beef steers steady to 25c lower; top yearlings 16.00; heavy cattle 15.55; the stock fairly active, steady bulk 9.00@11.00; canners dull 5.00@5.50; bulls strong, bologna mostly 7.00@7.50; calves 25@50c higher, receipts 4,000 bulk around 14.50 no trade in stockers.

Hogs 9,000; light steady to 10c higher, half load 16.00; few above 15.75; medium and heavy steady to 15c lower; few sales other than packing and extremely heavy butcher grade below 15.00; bulk of receipt old 14.90@15.75.

Sheep 11,000 active steady; choice short lambs 18.25; bulk 17.50 up; prime 84 pounds woolled yearling wethers 19.50; top ewes 15.25.

SCHOBER SIGNS FOR HANSON GO

Middleweight Champion
Will Battle Local Boy in
Turner Hall April 24

Billy Schober, recognized middleweight champion, signed articles today for a finish wrestling match with Kid Hanson, Madison claimant of light heavyweight honors, the bout to be staged by Promoter E. L. Bump in Turner hall Saturday, April 24.

Schober will arrive in Madison four days before the bout, and will be trained for the contest by Matty Matsuda, the Oriental champion whom Hanson defeated last week. Matsuda has promised to teach Schober everything there is to know about Hanson's style of wrestling.

Schober has agreed to weigh 188 pounds ringside, while Hanson will go in at 171, a 13 pound advantage.

STAGE MIXED DOUBLES

The Capital alleys will put on a mixed doubles bowling tournament next Monday night, with six-alleys being used at the same time. Entries are now being received. This form of bowling competition has proven one of the most interesting stunts on the alleys this season and similar meets have attracted an unusual amount of attention.

DEALINGS ARE ACTIVE TODAY

Advance of Discount Rate
Has Little Influence

NEW YORK—Contrary to expectations in many quarters the advance of the bank of England discount rate exerted no perceptible adverse influence over the stock market at opening of today's session. Dealings were active and broad, oil, secondary stocks, equipments, motors and savars turning their leadership at gains of 1 to 3 points. The few exceptions to the further rise included several of the investment rails, General Motors and preferred stock of the Standard Oil company of New Jersey which reacted probably on announcement of the new capital issue.

The rise was temporarily checked before the end of the first hour. Selling, accompanied by Pittsburgh advices that the railroad strike was causing further suspension of industrial operations. Oil shipments and food issues reacted 1 to 3 points. Rallies soon ensued when minor steels, equipments, motor specialties, textiles and chemicals again moved forward. Leaders included Vanadium, Baldwin, Scromberg, American Woolen, Consolidated Textile and Industrial Alcohol at gains of 2 to 7 points.

Call money opened at 8 per cent the highest initial rate of the
